TITLE OF ORDINANCE: Special

DEPARTMENT REQUESTING ORDINANCE: Purchasing

SYNOPSIS OF ORDINANCE: An ordinance approving the award of Reference No. 843 with respect to the purchase of repair clamps, servi-seal, cut-in-sleeve, cut-in-valve, duo solid sleeve, tapping valve and tapping sleeve for Water Maintenance & Service Department. Cost of these items reflect the lowest cost to the City per specifications of three (3) bidders.

EFFECT OF PASSAGE: Repair clamps are used to fix main breaks, cut in sleeve/valves are used in repair of water mains, servi-seals are used in repair of existing or installation of new services, tapping sleeves/valves are used to install new large water services.

EFFECT OF NON-PASSAGE: We would not be able to repair broken mains, install new or replace broken valves, install new or repair existing services, which would cause damage to city and private property as well as lose large amounts of water, thus causing loss of revenue.
